The Ohio Student Education Association Executive Committee welcomes you! We know this year's membership in the OSEA will be a rewarding experience. We hope you take advantage of all the benefits membership has to offer. Most importantly, we hope you will be an active participant at the local, state, and national levels. You will experience wonderful and rewarding activities as a member of OSEA. These activities will provide unlimited opportunities in leadership roles and responsibilities. This year will be informative and exciting!

There are many issues surrounding the education profession that are not addressed during the traditional, college educational process. In order to better prepare you for the education profession, OSEA provides information and insights about those issues.

For our newcomers, OSEA provides unlimited opportunities for you to meet education students across the state, hear inspiring speakers, and learn about various education topics. Imagine listing your OSEA membership on your resume and talking about OSEA activities in your interview...book drives with local schools, conference planning, leadership training, classroom management training, outreach to teach (community involvement) projects, and the list could continue. The interviewer would be impressed!
